Our Love Affair with the Honey Bee.

Amos Ives Root was inspired to start a beekeeping business when a swarm of bees landed on the window of his Medina jewelry store. In 1869, A.I. Root founded The A.I. Root Company where he manufactured a new beehive that, for the first time, made it possible for beekeepers to harvest their honey without harming the colony of bees. He began writing books and publishing magazines, including *The ABC of Bee Culture* and *Bee Culture Magazine*, which we continue to publish today and remain the primary sources of information to the beekeeping industry.

Root Candles remains true to its past by focusing on what we know best – beeswax. Our filled candles are made with an all-natural beeswax blend. Our fragrances contain essential oils for a long lasting, aromatic bouquet that is always true to nature. A Root candle is clean burning, long lasting, elegantly designed, and luxurious. It is a candle burning experience unlike any other.

SEASONAL STAPLES

“A bayberry candle, burned to the socket, puts luck in the home, food in the larder & gold in the pocket.”

Traditional Bayberry Scented Tapers

Tapered candles are made according to Root’s traditional process of continuous dipping, for a solid uniform sage color, a satin-like finish, and fresh bayberry fragrance.

Two candles are packed in a frosted box, perfect for any holiday table or as a thoughtful hostess gift.

Advent Candle Set

Advent is a season of joyful hope and spiritual expectation. Lighting a candle each Sunday in the traditional evergreen wreath is the time-honored way of welcoming The Light of the World. The Advent Candle boxed set features four 9-inch candles in the colors of Advent, 3 purple and 1 pink.

Filled Product Color Sequencing

Start with the first color that you carry from left to right until you fill one shelf. Your next color should go directly below the last color on the first shelf. Fill the second shelf from right to left. Again, start the third shelf directly below the last placed color on the second shelf and fill left to right. Repeat until the cabinet is filled.

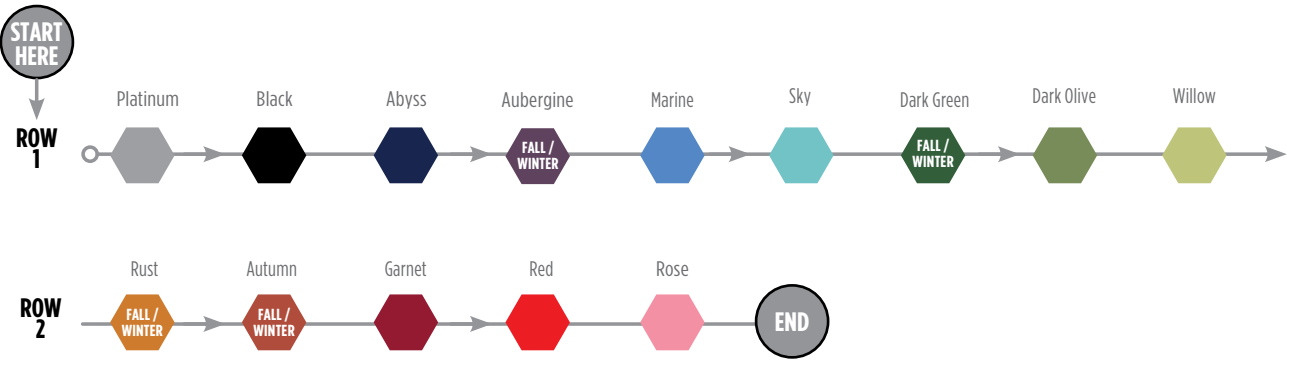

VALENTINE'S DAY - DECEMBER 1 - JULY 1
SPRING - JAN 1 - JULY 1
FALL / HOLIDAY - JULY 1 - DECEMBER 31

Pillar & Dinner Product Color Sequencing

Slightly different from the Root Filled product to give the greatest impact for a line that is driven by color. Apply the same process, left to right on the first shelf and then begin the shelf directly below on the right and move to the left.
