character

Depth and strength describe the qualities of patchouli, spiced bay, citrus and green mandarin.

innovation

Unexpected and creative blends of aquatic waters, amber salts with layers of marine accords and musks.

strength

Stable, durable blend of coriander, ambrette seed, cedarwood and oak moss deliver a powerful fragrance experience.

integrity

The purity of Mayotte vanilla with clove bud, spun sugar and tonka bean represent the highest virtue.

honesty

True and forthright combinations of sparkling citrus, rosemary, genuine green leaves and a touch of jasmine.

ingenuity

Clever combinations of California orange oil, red geranium and oud display a resourceful creativity.

We believe in
creating the
world's best
candles.

Nearly 150 years of history go into each carefully crafted candle, showcasing our exclusive core values of character, innovation, strength, integrity, honesty and ingenuity and featuring the expertise in beeswax that can only come from the company founded by the father of modern beekeeping.

Our unique beeswax blend burns slower than other blends in the market and creates longer lasting fragrance blooms. Dignified elegance, sophistication and luxury in our first three-wick collection.
