Honoring Our Rich Heritage.

Amos Ives Root was an innovator, entrepreneur and visionary. As our founder, he instilled the values of honesty, integrity, and “plain old hard work” throughout the Root Company. As we approach our 150th year, those values still remain.

It all started with a swarm of bees.

A.I. Root was inspired to start a beekeeping business when a swarm of bees landed on the window of his Medina jewelry store. That simple event created a company that has become synonymous with beekeeping, honey, pure beeswax, and the highest quality candles. Some even refer to the Root family as “America’s First Family of Beekeeping.”

The Root Company remains true to its past by focusing on what we know best - beeswax. Our filled candles are made with an all-natural beeswax blend. Our fragrances contain essential oils for a long lasting, aromatic bouquet that is always true to nature. A Root candle is clean burning, long lasting, elegantly designed, and luxurious. It is a candle burning experience unlike any other.

In 2018, we still rely on the purity and naturalness of beeswax and honeybees that inspired A.I. Root. Now led by the family’s fifth generation, we strive to provide our customers with superior candles with rich fragrances and decorator inspired colors. Root Candles remains true to the values on which the company was built - honesty, integrity, and plain old hard work. 

Root Candles—founded by the father of modern beekeeping.

All hail the Queen Bee!

Root Candles grew out of Amos Ives Root’s passion for bees, beekeeping and honey. The Queen Bee icon is the perfect symbol to pay homage to this rich heritage.

We love bees...

Root is actively involved in advancing the knowledge and science of beekeeping.

With our partnership with Project Apis m. (see page 17 for details), The Magazine of American Beekeeping, *Bee Culture*, many book publications including *The ABC & XYZ of Bee Culture* and our pollinator gardens, we proudly call out our “Bee Friendly” products and services.

SUGARED HONEY

The purest of our honey blends, this fragrance encompasses all that is wonderful about honey. Bees that pollinate the Manuka tree, honey-wood, honeysuckle and neroli deliver a sweet and gentle, pure sugared honey fragrance.

BLOOMED HONEY

Ripe with rich pollen from bees that travel amongst a variety of fragrant wildflowers, this blended honey is the most floral with notes of orange blossom, violet and muguet.

BREWED HONEY

Bright notes of bergamot and citrus with Meyer lemon highlight the notes of tea from bees that pollinate citrus groves and tea varieties. The abundance of sugar in the honey, blended with the tart lemon, leaves subtle notes of milky vanilla.

WOODED HONEY

This is the lightest, most delicate and sought after of all honey blends. Bees love the Basswood tree—attracting honey bees from all around. Delicate woody notes and a mild flavor result in a luxurious fragrance blend.

DRENCHED HONEY

Bees that pollinate around fresh water lakes and streams seem to deliver a fresh, green flavor from their time around lilies, water roses and tonka wood. This effervescent blend is clean, fresh and sweet.

BERRIED HONEY

The sweetest of our blends, inspired by the honey that is found near berry patches and groves. Blackberry notes and wild red currants accented by creamy vanilla and brown sugar.

Seasonal Staples

Advent Candle Set

Advent is a season of joyful hope and spiritual expectation. Lighting a candle each Sunday in the traditional evergreen wreath is the time-honored way of welcoming The Light of the World. The Advent Candle boxed set features four 9-inch candles in the colors of Advent, 3 purple and 1 pink.

“A bayberry candle, burned to the socket, puts luck in the home, food in the larder & gold in the pocket.”

Traditional Bayberry Scented Tapers

Tapered candles are made according to Root’s traditional process of continuous dipping, for a solid uniform sage color, a satin-like finish, and fresh bayberry fragrance.

Two candles are packed in a frosted box, perfect for any holiday table or as a thoughtful hostess gift.

Filled Product Color Sequencing

Start with the first color that you carry from left to right until you fill one shelf. Your next color should go directly below the last color on the first shelf. Fill the second shelf from right to left. Again, start the third shelf directly below the last placed color on the second shelf and fill left to right. Repeat until the cabinet is filled.

Pillar, Dinner & Stick Product Color Sequencing

Slightly different from the Root Filled product to give the greatest impact for a line that is driven by color. Apply the same process, left to right on the first shelf and then begin the shelf directly below on the right and move to the left.
