BREWED HONEY

#339

Bright notes of bergamot and citrus with Meyer lemon highlight the notes of tea from bees that pollinate citrus groves and tea varieties. The abundance of sugar in the honey, blended with the tart lemon, leaves subtle notes of milky vanilla.

DRENCHED HONEY

#342

Bees that pollinate around fresh water lakes and streams seem to deliver a fresh, green flavor from their time around lilies, water roses and tonka wood. This effervescent blend is clean, fresh and sweet.

WOODED HONEY

#343

This is the lightest, most delicate and sought after of all honey blends. Bees love the Basswood tree— attracting honey bees from all around. Delicate woody notes and a mild flavor result in a luxurious fragrance blend.
