CITY

A photograph of a living room interior. In the background, a light-colored sofa is adorned with several patterned cushions in shades of green and gold. A vase with dried orange flowers sits on the sofa. In the foreground, a table covered with a light-colored cloth holds several glass vases of various shapes and sizes, some containing dried flowers. A lit candle in a glass holder provides a warm glow. The overall atmosphere is cozy and elegant.

A photograph of a glass vase with purple flowers and a lit candle on a marble surface. The vase is tall and slender, with a textured, pebbled surface. It contains several purple flowers with green foliage. To the right of the vase is a lit candle in a glass holder, casting a warm glow. The background is a light-colored, textured wall. A red horizontal band is overlaid across the middle of the image, containing the word 'PURITY' in white serif font.

Glassware

The images are taken in studio light. Overall colours and shades may vary. Every glassware item is handmade and completely unique and will vary in colour, size and thickness. Small bubbles and irregularities may occur and are not perceived as production faults. Do not rinse any Décor glassware. Wipe clean with a dry cloth.

Wood based products

All our wooden products are made from mango wood. Rinse your wooden chopping board under normal water, do not let it soak; soaking will make it split and warp. Wipe it dry with a tea towel and let it air-dry.

All our kitchen utility products including chopping boards, beverage dispensers, cake/cheese domes, jars and cannisters etc are treated for food safety. Glass and wood products are not dishwasher/microwave safe
